

BRITISH FORCES AT LAST COME TO THE ASSISTANCE OF SERBIAN ALLIES GREATER ACTIVITY NEAR DARDANELLES

Russian Expedition for Relief of Serbia has not yet Been Heard From

(By Associated Press.)
LONDON, Nov. 1.—The British have joined the Serbians in the fighting near St. Rumitza. The Bulgarians are progressing along the line of Unkap and the Danube, while the Russian expedition has not been heard from. The British are renewing activity at the Dardanelles. There is constant fighting on the western front, each side aiming to prevent the enemy from sending troops to the Balkans. It is understood that the appointment of Premier Jean Gorenkyin as chancellor of the Russian empire, with control of foreign affairs, is imminent. He will be succeeded by Alexei Khvostoff, minister of justice. It is reported that Sergius Sazanov, minister of foreign affairs, M. K. Yvoshin, minister of agriculture, and M. Karitonoff, controller of the treasury, have resigned.

MANY ELECTIONS TO BE HELD TOMORROW

FIVE STATES WILL DECIDE IM- PORTANT CONSTITUTIONAL ISSUES

(By Associated Press.)
NEW YORK CITY, Nov. 1.—Eight states, New York, Massachusetts, Maryland, New Jersey, Pennsylvania, Kentucky, Ohio, and Mississippi, will hold elections tomorrow.

In four of these states, Massachusetts, Maryland, Kentucky and Mississippi, governors are to be elected, in six states, New York, Massachusetts, Maryland, New Jersey, Kentucky and Mississippi, the state legislatures, in whole or in part, are to be elected, and in five states, New York, Massachusetts, Maryland, Pennsylvania and Ohio, important constitutional issues are to be decided.

With a few local exceptions, in fact, these constitutional questions will be the dominant issue on election day, including as they do such fundamental matters as woman suffrage, municipal home rule, prohibition, state income taxes, referendum plans, and some lesser reforms.

The woman suffrage question will come up for decision in New York, Pennsylvania and Massachusetts, which states will furnish, in point of population, the greatest test the suffrage issue has ever had in the United States. New Jersey, the first state in the east to vote on equal suffrage, defeated the proposition at a special election given over exclusively to the suffrage question on October 19. While it has been held by some political observers that the result of the test in New Jersey would be reliably indicative of what might be expected in the three bigger neighboring states, the suffrage leaders have not been discouraged by the big majority with which the issue was defeated in New Jersey, and look forward to the bigger test with confidence.

The importance of this test is indicated by the fact that, in point of population, the states of New York, Massachusetts and Pennsylvania, which will vote on suffrage November 2, include over 20,000,000 people—a fifth of the population of the entire United States—and these 20,000,000 are practically double the population of the states in which equal suffrage has as yet been fully achieved.

A QUIET HALLOWE'EN

Fewer depredations were committed this year than ever before on Halloween. There were a number of maskers on the street and some grotesque costumes were seen, but there was little or no malicious mischief evidenced, although the young folk had a delightful time. The officers were particularly alert to prevent depredations.

MAY HAVE BEEN MURDERED

The Mexican who was recently found near the tracks of the Southern Pacific railroad a few miles east of Elko, may have been murdered. The theory that he met death at the hands of some one on the train from which he was thrown or fell, has been advanced by many of those who have seen the body and visited the scene of the accident.

Interstate Commerce Commission on Side of Railway in its Controversy

(By Associated Press.)
WASHINGTON, Nov. 1.—The Nevada railroad commission's complaint was dismissed today, the interstate commerce commission holding that the Southern Pacific's requirement of two fares for one occupant of a Pullman drawing room, or one and one-half fare for a compartment, was a reasonable charge.

(By Associated Press.)

EAST DRIFT NORTH STAR IS IMPROVING

CROSSCUT BEING EXTENDED BE- LOW THE INTERMEDIATE TO PICK UP FORMATION

The North Star company on Friday shipped 55 tons of ore to the West End mill. The ore was of excellent grade, but the returns are not yet given out. Mr. Lowe, who is in charge of the property under Mr. Chandler, reports that no work is being done on the west drift on the 900 intermediate, where the steep fault was encountered, but he is continuing to drift east on this level, and finds that the ore body has widened out to two feet of good milling grade.

Another shipment is being saved, to be sent out the latter part of the week. Meanwhile the 950 crosscut is making favorable progress in its effort to get under the formation and cut it at greater depth.

THREW BABE FROM WINDOW AND ARE ACQUITTED

The jury in the case of Vacilos Kastinos and his wife, charged with the attempted murder of their new born baby last August by throwing it from a car window near Montello, last night brought in a verdict of not guilty, and Judge Ducker ordered the defendants discharged from custody. Sheriff Harris permitted them to spend the night in jail, and today they resumed their journey to San Francisco.

The case was one of the most interesting tried in Elko in many years, because of its unusual nature. When announcement was first made of it, feeling was intense against the couple, but when it was seen that the mother love had asserted itself and the baby was cared for, and when it was realized that the condition of the woman's mind may have been such that she was not responsible for her action, feeling softened, and the verdict of the jury meets with popular approval.—Elko Independent.

CARRANZA OUTPOST FIRES ON VILLISTAS

The Surrender of Agua Prieta is Demanded at Two This Afternoon

(By Associated Press.)
DOUGLAS, Ariz., Nov. 1.—The Carranza outposts fired at the approaching Villistas, three miles east, then retired to their entrenchments. At noon the Villistas had encircled Agua Prieta, and are reported to have demanded its surrender by 2 o'clock this afternoon. The Carranzistas are entrenched and inactive. Villa, accompanied by four officers, came to the line to get their bearings. On being asked if he expected to capture the town today, Villa answered, "Sure Mike," grinning.

(By Associated Press.)
DOUGLAS, Ariz., Nov. 1.—At 12:30 the Villista cavalry, with Indian skirmishers, were within a mile and a half of the Carranza line. The right flank of the Villistas almost touched the international boundary. It is thought that Villa will attack before dusk if able to place his artillery advantageously. Four babies were born on the Carranza troop trains leaving Laredo, two of them being twins. The mothers accompanied their husbands into the trenches.

The Carranzistas opened fire at 1:37. The Villistas halted, entrenched, and returned the shots. The firing continued for twenty minutes, with no damage to either side. Villista Captain Herrera said: "We expect to take the town inside of two hours." Villa later shelled the town. Two were killed and several wounded. The shells crumbled several houses and one burst within sixty yards of the American customs house. Refugees are coming here. The local roofs are crowded with spectators.

Belle-fosse has become Schoengrund; Fort-louis is now Ludwigstede; Pousday is changed to Urbach. The philological and historical mission that made these changes decided to leave the names of Saint Privat and Gravelotte unchanged because of the historical interest attaching to these famous battlefields.
